WHAT TO EXPECT WITH EVENTFULLY YOURS

During your planning call, we will thoroughly go through all aspects of your wedding arrangements, guiding you from the initial stages to the final details. Our discussion will encompass various topics including scheduling, the order of the ceremony, menu choices, design elements, floor layout, timeline, photography arrangements, miscellaneous decorations, and the overall theme of the event. Following our meeting, you will receive a detailed floor plan and a comprehensive event outline that outlines the specific details of your wedding. This document will be continually updated as plans evolve.

Your dedicated planner will provide you with clear and actionable steps that we fondly term "your homework." We will maintain periodic check-ins to track your progress. Our ultimate objective is to secure and finalize all wedding arrangements at least 45 days prior to the big day.
